

# **FLAMMABILITY TESTING SERVICES**

**HELPING YOU PROTECT WHAT MATTERS MOST**

# PROTECT CONSUMERS AND YOUR BRAND

In today's highly regulated environment, reaching your local or global target markets quickly and cost effectively is a challenging task... one where there is no substitute for expertise. SGS has a global network of accredited testing laboratories so that you can be sure of the safety and quality of your product.

## PROTECT YOUR BRAND

Consumer products must satisfy required safety standards in order to access key global markets. Failure to comply with regulatory requirements could result in unexpected costs or worse, harm your customers and do irreparable damage to your brand.

SGS' best-in-class, US based technical support complimented by our global technical leadership, ensures that companies meet regulatory and compliance requirements.

## MEET MANDATORY FLAMMABILITY TESTING REGULATIONS

Throughout the supply chain, manufacturing processes need to be examined to ensure that the end product complies with all the relevant standards. Safety is of paramount importance, not only to importers and manufacturers, but also to consumers. SGS has the global expertise, experience and facilities to assist you smoothly through the safety testing process.

## SOME OF THE MORE FREQUENTLY REQUESTED FIRE PROPERTIES WE TEST TO:

- Flame Spread
- Self Ignition
- Burn Rate
- Smoke Density
- Combustibility
- Roof Classification
- Radiant Flux
- Flash Over

## DON'T LEAVE ANYTHING TO CHANCE

SGS maintains ISO 17025 accredited flammability laboratories across the country and our experienced staff can meet your fire testing needs. From building materials with complicated code requirements to a simple child's toy, our knowledge and capabilities provide the services you need to ensure your product is ready for market.

While manufacturers bear primary responsibility for compliance, government inspectors also examine products of importers, wholesalers, mattress rebuilders and retailers. Our testing, certification, verification and auditing services help you ensure quality throughout the supply chain.

## ACHIEVE YOUR COMMITMENT TO CORPORATE SOCIAL RESPONSIBILITY

SGS works with your company to understand, provide suggested enhancements and fully adopt and deploy your existing compliance program, or to create a new one specifically tailored to your business needs.

Boasting one of the largest networks of highly trained auditors, with industry specific experience and first hand knowledge of local conditions and norms. Our global network of auditors enables a quick and cost-effective response in most major manufacturing areas.
